Vintage report

A sparkling spring with good amount of rainfall and a hotter summer than average resulting in a slightly early vintage with excellent performance.

Tasting note

Intense crystal clear yellow. Elegant and authentic. Impressive bouquet, wide and deep with yellow ripe fruits, zesty and creamy, buttery note. Underlined by a remarkable freshness, salinity and high minerality despite the long ageing, thanks to red soil rich in minerals, the sea breeze influence and the Bora wind. A long living rare white.
Service temperature 10 - 12°C.

Label

Quayside "Audace", the historical symbol of Trieste, a wonderful shot in a windy day of Bora by Marino Sterle.
